DIRECTOR'S NOTE

"The Marvelous Land of Oz" has been on the road since the end of January performing at elementary schools as far away as Salina. It often has meant leaving before sunrise and sometimes not returning until after doing three performances and driving for six hours. These ten company members have covered over 1,400 miles and done close to thirty performances in the course of the tour. Their incredible talents and dedication have made this experience for me (and the several thousand children they have performed for) a very exciting and rewarding theatrical experience.
