

Applicant Faculty Advisor Meeting Form

INSTRUCTIONS:

As part of your application to the Media Arts Program, you are required to meet with an assigned Media Arts faculty advisor in person (unless otherwise requested by your advisor). The purpose of this meeting is to get acquainted with our program, your faculty advisor, and to ask questions about classes and other aspects of the program. This is also a chance for your faculty advisor to get to know you and your goals and aspirations regarding the Media Arts Program.

Faculty can get busy as we get closer to the applications deadline. Because of this, we **HIGHLY** recommend that you meet with your assigned faculty advisor as early in the application process as possible. Waiting until the deadline to meet with your advisor will greatly complicate your application and show lack of professionalism.

To identify your assigned faculty advisor, please visit this link at the TMA webpage:

At the end of your meeting with your faculty advisor, have them sign and date below. You will upload this form as part of your Media Arts application via Slideroom.
